**MANAGEMENT PROXY CIRCULAR
FOR THE ANNUAL AND SPECIAL MEETING OF SHAREHOLDERS
TO BE HELD ON WEDNESDAY, SEPTEMBER 13, 2017**

Solicitation of Proxies

This information circular - proxy statement ("**Information Circular**") is furnished in connection with the solicitation of proxies by or on behalf of the management of Madalena Energy Inc. ("**Madalena**" or the "**Corporation**") for use at the annual and special meeting (the "**Meeting**") of holders (the "**Shareholders**") of common shares ("**Common Shares**") of the Corporation to be held in the offices of Burstall Winger Zammit LLP in the Main Boardroom located at Suite 1600, 333 – 7th Avenue SW, Calgary, Alberta T2P 2Z1 on Wednesday, September 13, 2017 at 10:00 a.m. (Calgary Time), and any adjournment thereof for the purposes set forth in the accompanying Notice of Meeting. Only Shareholders of record on Monday, August 14, 2017, are entitled to notice of, to attend and to vote at the Meeting, unless a Shareholder has transferred any Common Shares subsequent to that date and the transferee Shareholder, not later than ten (10) days before the Meeting, establishes ownership of such shares and demands that the transferee's name be included on the list of Shareholders.

The instrument appointing a proxy must be in writing and must be executed by the Shareholder or its attorney authorized in writing or, if the Shareholder is a company, under its corporate seal or by a duly authorized officer or attorney of the company.

The persons named in the enclosed instrument of proxy are directors and/or officers of the Corporation. A Shareholder submitting a proxy has the right to appoint a person (who need not be a Shareholder) to represent you at the Meeting other than the person or persons designated in the instrument of proxy furnished by the Corporation. To exercise this right a Shareholder should insert the name of the desired representative in the blank space provided in the instrument of proxy and strike out the other names or submit another appropriate proxy. In order to be effective, the proxy must be mailed so as to be deposited at the office of the Corporation's transfer agent, Alliance Trust Company, 1010, 407 – 2 Street SW, Calgary, Alberta T2P 2Y3 (facsimile: (403) 237-6181, online at www.alliancetrust.ca) not less than forty-eight (48) hours (excluding Saturdays, Sundays and statutory holidays in the Province of Alberta) prior to the time set for the Meeting or any adjournment thereof. No instrument appointing a proxy shall be valid after the expiration of twelve (12) months from the date of its execution.

Advice to Beneficial Holders

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of the Shareholders do not hold Common Shares in their own names. Shareholders who do not hold their Common Shares in their names ("**Beneficial Shareholders**") should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depositary for Securities Limited, which acts as nominees for many Canadian brokerage firms). Common Shares held by brokers or their

nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, the broker/nominees are prohibited from voting Common Shares for their clients. The Corporation does not know for whose benefit the Common Shares registered in the name of CDS & Co. are held. Therefore, Beneficial Shareholders cannot be recognized at the Meeting for the purposes of voting the Common Shares in person or by way of proxy except as set forth below.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (formerly ADP Investor Communication Services) ("**Broadridge**") in the United States and Canada. Broadridge typically applies a special sticker to proxy forms, mails those forms to the Beneficial Shareholders and requests the Beneficial Shareholders to return the proxy forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a proxy from Broadridge cannot use that proxy to vote Common Shares directly at the Meeting as the proxy must be returned as directed by Broadridge well in advance of the Meeting in order to have the Common Shares voted.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered Shareholder and vote Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered Shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Revocability of Proxy

A Shareholder may revoke its proxy at any time prior to a vote. If a Shareholder, or the person such Shareholder gives its proxy, attends personally at the Meeting, such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by a Shareholder or its attorney authorized in writing or, if it is a company, under its corporate seal or by a duly authorized officer or attorney of the company. To be effective the instrument in writing must be deposited at the head office of the Corporation at 200, 707 – 7th Avenue SW, Calgary, Alberta T2P 3H6, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the chairman of the Meeting on the day of the Meeting, or any adjournment thereof.

Persons Making the Solicitation

This solicitation is made on behalf of management of the Corporation. The Corporation will bear the costs incurred in the preparation and mailing of the form of proxy, notice of annual meeting and this Information Circular. In addition to mailing forms of proxy, proxies may be solicited by personal interviews, or by other means of communication, by directors, officers and employees of the Corporation who will not be remunerated therefor.

Exercise of Discretion by Proxy

The Common Shares represented by proxy in favour of management nominees will be voted on any poll at the Meeting. Where you specify a choice with respect to any matter to be acted upon, the Common Shares will be voted on any poll in accordance with the specification so made. **If a Shareholder does**

not provide instructions, its Common Shares will be voted in favour of the matters to be acted upon as set out herein. The persons appointed under the form of proxy that the Corporation has furnished are conferred with discretionary authority with respect to amendments or variations of those matters specified in the form of proxy and notice of annual meeting and with respect to any other matters which may properly be brought before the Meeting or any adjournment thereof. At the time of printing this Information Circular, management of the Corporation knows of no such amendment, variation or other matter.

MATTERS TO BE ACTED UPON AT THE MEETING

Presentation of Financial Statements

At the Meeting, the consolidated financial statements of the Corporation for the fiscal year ended December 31, 2016 and the auditor's report on such statements will be placed before the Shareholders.

It is proposed that the board of directors of the Corporation (the "**Board**" or the "**Board of Directors**" and each, individually, a "**Director**") will be fixed at eight (8) members and Shareholders will be asked to elect the proposed directors set forth below to hold office until the next annual meeting or until their successors are elected or appointed.

KPMG has been the Corporation's auditor since November 3, 2006.

Approval of Stock Option Plan

The policies of the TSXV require the Corporation to obtain Shareholder approval of the Corporation's stock option plan (the "**Option Plan**") on an annual basis. Accordingly, at the Meeting, Shareholders will be asked to consider and, if deemed advisable, ratify and approve the Option Plan, a copy of which is attached hereto as Schedule A.

Approval of Control Person Resolution

On May 8, 2017, the Corporation entered into an investment agreement with Hispania (the "**Investment Agreement**"), pursuant to which, among other things, Hispania agreed to provide the Corporation with a convertible loan (the "**Capex Loan**") according to the terms of a convertible loan agreement dated May 8, 2017 (the "**Capex Loan Agreement**") for an amount up to USD \$16,500,000.00, the principal of which, outstanding from time to time, shall accrue interest at a rate of seven percent (7%) per annum. On August 11, 2017, Hispania assigned the Capex Loan Agreement to KD Energy, a company wholly-owned by family trusts of Jose D. Penafiel and Alejandro Penafiel, pursuant to an assignment of debt and security agreement dated August 11, 2017 (the "**Capex Loan Assignment**"). Under the terms of the Capex Loan Assignment, Hispania has remained responsible for any payments required of KD Energy under the Capex Loan if such payments cannot be made by KD Energy. In accordance with, and subject, to the terms of the Capex Loan Agreement, both the Corporation and KD Energy have the right to convert the whole or part of the principal and interest owing under the Capex Loan into units of the Corporation ("**Units**") comprised of one (1) Common Share and 0.22 of one (1) Common Share purchase warrant of the Corporation ("**Warrant**"), with each Warrant entitling the holder to purchase an additional Common Share, at: (i) the Conversion Price (as defined herein) in respect of the Common Shares comprising such Units; and (ii) the Exercise Price (as defined herein) in respect of the Warrants comprising such Units, respectively, for a period of 18 months from the date of issuance.

The Common Share conversion price (the "**Conversion Price**") is equal to a 5% premium to the 20-day volume weighted average price of the Common Shares ending on the last trading date prior to the drawdown date of the Capex Loan principle. The exercise price of the Warrants (the "**Exercise Price**") shall be equal to the Conversion Price.

In addition, on May 8, 2017, Madalena and Hispania entered into a services agreement (the "**Services Agreement**") pursuant to which the Corporation will engage Hispania to, through its personnel, provide certain services in exchange for: (i) a monthly services fee that will be no less than \$75,000 and no more than \$150,000; and (ii) the issuance of Warrants to Hispania, with an exercise price equal to the closing price of the Common Shares on the TSXV on the last date of trading immediately prior to the date of issuance of the Warrants, in the following tranches and on the following dates:

Date of Issuance	Number of Warrants
June 8, 2017	4,758,333
July 8, 2017	4,758,333
August 8, 2017	4,758,333
September 8, 2017	4,758,333
October 8, 2017	4,758,333
November 8, 2017	4,758,333

Assuming the exercise, in full, of the Warrants pursuant to the Services Agreement, Hispania will hold approximately 5.0% of the issued and outstanding Commons Shares.

Copies of the Investment Agreement, Capex Loan Agreement, Services Agreement and Working Capital Loan Agreement (as defined below) are available for review on the Corporation's SEDAR profile at www.sedar.com.

Pursuant to Section 1.10(a) of Policy 4.1 of the TSXV Corporate Finance Manual ("**Policy 4.1**"), if the issuance of securities pursuant to a private placement will result in the creation of a new "Control Person", then the TSXV will require the company to obtain shareholder approval. The Capex Loan is considered, for the purposes of Policy 4.1, to be a private placement and the TSXV defines "Control Person" as any person that holds or is one of a combination of persons that holds a sufficient number of any of the securities of a company so as to affect materially the control of the company, or that holds more than 20% of the outstanding common shares except where there is evidence showing that the holder of those securities does not materially affect the control of the company. Pursuant to the terms of the Capex Loan Agreement it is likely that KD Energy will acquire or have the ability to acquire more than 20% of the outstanding Common Shares and thereby become a "Control Person" of the Corporation.

In accordance with the terms and conditions of the Investment Agreement, the Capex Loan will not proceed unless (among other things) Shareholder approval has been obtained by the Corporation in the manner prescribed by Section 1.10 of Policy 4.1 for the creation of a "Control Person". It is also likely that, should Shareholder approval not be obtained, the Corporation's ability to finance its commitments would be severely impaired and, as such, the financial viability of the Corporation would be impaired as continued development of its petroleum concessions in Argentina is important to the production and cash flow growth of the Corporation.

Background

The Hispania Transaction (as defined below) is the result of arm's length negotiations conducted between representatives of Hispania and the Corporation and is a culmination of the strategic alternatives process undertaken by the Corporation. The timeline of the negotiations and internal actions undertaken by the Corporation is as follows:

On April 15, 2016, the Board approved the engagement of Evercore Group LLC ("**Evercore**") in respect of seeking a joint venture partner for the Corporation's Curamhuele block. During the course of Evercore's initial engagement, the Corporation received expressions of interest from third parties in respect of transactions that were broader than a joint venture at Curamhuele. In light of these developments and the financial challenges facing the Corporation, following its failed equity financing in March, 2016, the Board broadened Evercore's mandate on two successive occasions (on June 26, 2016 and January 30, 2017) and formed a special committee of the Board (the "**Special Committee**") to consider strategic alternatives for the Corporation.

As part of its engagement, Evercore proceeded to solicit expressions of interest in respect of a proposed transaction from an aggregate of 50 counterparties, which included oil and gas issuers, state-owned

companies and financial buyers, 35 of which entered into confidentiality agreements with Madalena and were granted access to a data room populated by management of the Corporation and Evercore. Ultimately, seven of the counterparties submitted expressions of interest in respect of a proposed transaction. One such party, Pan American Energy LLC, Sucursal Argentina, completed a transaction with the Corporation as announced on December 7, 2016.

As discussions progressed with the various interested counterparties, the Special Committee and the Board determined that Hispania was the best alternative available to the Corporation to address the near term issues facing the Corporation and had the ability to execute a transaction with the Corporation. Beginning on January 30, 2017, management of the Corporation, at the direction of the Board and the Special Committee, entered into discussions and negotiations with Hispania, among other interested parties. On May 1, 2017 and May 2, 2017, at the direction of the Special Committee, management and legal counsel to the Corporation participated in several meetings with Hispania and its counsel and finalized negotiations in respect of, among other things, the following agreements in relation to certain proposed transactions with Hispania (collectively, the "**Hispania Transaction**"):

- (a) a working capital loan agreement between Madalena and Hispania (the "**Working Capital Loan Agreement**") pursuant to which, among other things, Hispania would provide a multi-tranche loan of up to US\$6.5 million (the "**Working Capital Loan**") with an interest rate of 7% and with each tranche maturing 36 months from being drawn, secured by the Corporation's interests in the Rinconada-Puesto Morales concession;
- (b) the Capex Loan Agreement pursuant to which, among other things, Hispania would provide the Capex Loan;
- (c) an employment agreement between Madalena and Jose Penafiel (the "**Employment Agreement**"), pursuant to which Mr. Penafiel would be appointed Chief Executive Officer of Madalena;
- (d) the Services Agreement (as described herein), pursuant to which, among other things, Hispania would make its personnel available to Madalena to provide:
 - (i) technical, operational, strategic and financial advice, direction and assistance in relation the operation of Madalena's oil and natural gas properties, undeveloped lands and related assets in Argentina,
 - (ii) advice to Madalena's officers and the board of directors regarding the business of Madalena, and
 - (iii) such other services as requested by Madalena from time to time; and
- (e) the Investment Agreement (as described herein), which provided for, among other things, the mechanics in respect of the transactions to be implemented through the above-referenced agreements and certain covenants of the Corporation, including placing two Hispania nominees on the Board (see "*Election of Directors*"), certain anti-dilution rights and certain notice rights in respect of certain corporate transactions.

The Special Committee considered presentations and input from and had the opportunity for questions and answers with the Corporation's management, legal counsel and Evercore and considered their respective expertise and experience in respect of the Hispania Transaction, including opportunities and risks related thereto. As negotiations progressed, Evercore also provided financial advice in respect of the Hispania Transaction and participated in calls and meetings with management, the Special Committee and counsel.

In coming to its conclusion to proceed with the Hispania Transaction, the Special Committee and the Board considered a number of factors, including the following:

- (a) the strategic alternatives available to the Corporation following a thorough strategic process;
- (b) the current state of the Canadian capital markets and the viability of international junior oil and gas companies to attract capital on a cost effective basis and including the Corporation's failed equity offering of 2016 and its inability to secure additional debt financing;
- (c) various reports, presentations and analysis provided by Evercore, management, legal counsel and Hispania to the Special Committee;
- (d) that the Hispania Transaction allows the Corporation to address the near term liquidity requirements facing the Corporation, particularly as a result of the availability under the Working Capital Loan;
- (e) that the Hispania Transaction provides additional operating expertise in Argentina and are expected to reduce corporate G&A expenses;
- (f) that the Capex Loan allows the Corporation to meet its commitments in respect of certain of its oil and gas interests and thereby grow production and cash flow from this area;
- (g) that the conversion feature of the Capex Loan may allow the Corporation to reduce indebtedness through the issuance of equity at market prices;
- (h) that the Services Agreement is intended to allow the Corporation to decrease general and administrative expenses and to transition Madalena's management team to Argentina;
- (i) that the addition of Mr. Jose Penafiel as Chief Executive Officer solidifies senior management and the strategic direction of the Corporation;
- (j) that the Warrants issuable to Hispania pursuant to the Services Agreement and the Capex Loan Agreement will align Hispania's interest with shareholders of the Corporation, particularly in light of the future pricing of the exercise prices of the Warrants, which are determined at the date of issuance;
- (k) the due diligence of Hispania and its key officers as reported to the Special Committee by management and Evercore;
- (l) that the Hispania Transaction will allow for the Corporation to better: (i) meet its obligations to creditors; (ii) fulfill its environmental and reclamation obligations; (iii) assist the Corporation in fulfilling its ongoing obligations to its industry partners and governments pursuant to the concessions it holds; and (iv) become a "going concern"; and
- (m) the historical results of the Corporation and its prospects for the future.

In light of the foregoing, having regard to the recommendations of management, the financial advice of Evercore and the advice of the professional advisors to the Board, approval of the terms of the Hispania Transaction is considered to be in the best interests of the Corporation. In particular, the Special Committee recommended and the Board approved, that, subject to receipt of the requisite shareholder (in the case of the Capex Loan), regulatory and governmental approvals, the Corporation proceed with the Hispania Transaction, subject to the conditions and on the terms set out in the agreements related thereto and set out herein.

Shareholder Approval

The sale or issuance of Units pursuant to the Capex Loan Agreement may result in KD Energy becoming a "Control Person" must be approved by ordinary resolution (the Control Person Resolution), which requires approval by a majority of the votes cast by Shareholders.

At the Meeting, Shareholders will be asked to approve the Control Person Resolution, the text of which is set forth below, in respect of the issuance of Common Shares, Warrants and the Common Shares underlying the Warrants from treasury which may result in KD Energy (including any associate or affiliate) becoming a "Control Person". In order to be effective, the Control Person Resolution requires the approval of a simple majority of the votes cast by Shareholders at the Meeting. The text of such resolution will be presented as follows, with or without modification.

"BE IT RESOLVED, as an ordinary resolution of the shareholders of Madalena Energy Inc. (the "**Corporation**"), that:

1. the issuance of common shares of the Corporation (the "**Common Shares**"), Common Share purchase warrants of the Corporation (the "**Warrants**") and the Common Shares underlying the Warrants from treasury pursuant to the terms and conditions of a convertible loan agreement dated May 8, 2017 between the Corporation and KD Energy International Capital Limited ("**KD Energy**"), which could result in KD Energy (including any associate or affiliate), becoming a new "Control Person" (as such term is defined in the TSX Venture Exchange Corporate Finance Manual) of the Corporation, all as more particularly described in the management information circular of the Corporation dated August 17, 2017, be and the same is hereby authorized and approved; and
2. any officer or director of the Corporation be and is hereby authorized, for and on behalf of the Corporation, to execute and deliver all documents and instruments and to take such other actions as they may determine to be necessary or desirable to implement these resolutions and the matters authorized hereby, such determination to be conclusively evidenced by the execution and delivery of any such documents or instruments and the taking of any such actions; and
3. the directors may revoke this resolution before it is acted upon without further approval of the shareholders of the Corporation."

Unless otherwise directed, it is the intention of management to vote proxies in favour of the Control Person Resolution.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive and Employee Compensation Principles

The Board recognizes that Madalena's success depends greatly on its ability to attract, retain and motivate superior performing employees at all levels, which can only occur if Madalena has an appropriately structured and executed compensation program. The principal objectives of Madalena's compensation program are as follows:

- (a) to attract and retain qualified officers and employees; and
- (b) to align officer and employee interests with those of the Shareholders;

Composition and the Role of the Compensation Committee

The Board has established the Compensation Committee, currently comprised of Messrs. Gus Halas, Keith Macdonald and Jay Reid. Following the Meeting, the Compensation Committee is anticipated to be comprised of Messrs. Gus Halas and Leonardo Madcur. Each member of the Compensation Committee is considered "independent" for the purpose of National Policy 58-201 – *Corporate Governance Guidelines*.

The Corporation's compensation philosophy is aimed at attracting and retaining quality and experienced people based on a "pay for performance" methodology that provides for above market pay for above market performance, which is critical to the success of the Corporation for the benefit of the Shareholders. Employee compensation, including officer compensation, is comprised of three elements: (a) base salary; (b) short-term incentive compensation (in the form of cash bonuses); and (c) long-term incentive compensation (in the form of the issuance of Options pursuant to the Option Plan). The Compensation Committee (with input from the President and Chief Executive Officer), in conjunction with Lane Caputo Compensation Inc. ("**Lane Caputo**"), executive compensation specialists who were retained by the Corporation in 2015, reviewed all three components in assessing the compensation of individual officers and of the Corporation as a whole. Salaries and bonuses are intended to provide current compensation and a short-term incentive for employees to meet the Corporation's goals, as well as to remain competitive with the industry that possesses a competitive hiring environment, particularly in relation to companies of Madalena's size. The Corporation's compensation policies have allowed the Corporation to attract and retain a team of motivated professionals and support staff. The Compensation Committee, Lane Caputo, the CEO and the Board review compensation policies to ensure that they are competitive within the international petroleum and natural gas industry and consistent with the performance of the Corporation. Options are granted as a long-term incentive and to encourage commitment to the Corporation.

When determining executive compensation, including the assessment of the competitiveness of the Corporation's compensation practices, the Compensation Committee reviews the compensation information available in the public domain from international companies with operations in Argentina or elsewhere in South America or internationally with similar production, operation size and scope as the Corporation. The peer group, as selected and recommended by Lane Caputo, that the Corporation so used was comprised of Americas Petrogas Inc., Calvalley Petroleum Inc., Canacol Energy Ltd., Condor Petroleum Inc., Crown Point Ventures Ltd., Iona Energy Inc., Mart Resources Inc., Pan Orient Energy Corp., Petroamerica Oil Corp., Serinus Energy Inc., Shamaran Petroleum Corp., Sterling Resources Ltd., TAG Oil Ltd., TransGlobe Energy Corp. and WesternZagros Resources Ltd. Some of the salary information available in the public domain with respect to these companies can be outdated and therefore the Corporation may also obtain industry reports providing salary levels. The industry reports provide general information about levels of compensation in the oil and gas industry or with respect to specific professions and not specific metrics about companies in the Corporation's peer group. Based on the information available and the analysis and recommendations provided by Lane Caputo, the Compensation Committee believes the total compensation for the Corporation's officers for 2016 is consistent with companies in the Corporation's peer group.

As part of the Compensation Committee's process, the CEO makes recommendations to the Compensation Committee with respect to compensation for the officers of the Corporation including the CEO. The Compensation Committee considers such recommendations and, following its own review and, where appropriate, consultation with outside consultants, formulates its own recommendations to the Board for consideration and final approval. When making such recommendations, the Compensation Committee may analyze a number of factors, including compensation data compiled from the Corporation's peer groups, corporate performance and individual officer performance. In assessing corporate performance, the Corporation does not have any pre-determined set targets, but considers a number of factors, including the following: (a) the Corporation's performance relative to its industry peer group; (b) operational progress in exploring and developing the Corporation's properties; (c) achievement of operational milestones, including in respect of adding reserves and resources; (d) commercialization of the Corporation's properties; and (e) production and cash flow. In assessing the performance of

individual officers, consideration is given to objective factors such as level of responsibility, experience and expertise, as well as subjective factors such as leadership and performance in such officer's specific role with the Corporation.

Each element of the Corporation's executive compensation program is described in more detail below.

Base Salaries

The Compensation Committee recognizes that the size of the Corporation prohibits base salary compensation for officers from matching those of larger companies in the petroleum and natural gas industry. The Compensation Committee does believe, however, that performance-based compensation plans are an important element in the compensation packages for the Corporation's officers and that long-term equity interests, in the form of Options, compensate for lower base salaries and smaller annual bonus amounts. This compensation strategy is similar to the strategies of many other companies in the Corporation's peer group.

Base salaries for officers, including the CEO, are established by the Compensation Committee at levels slightly below base salaries paid by the Corporation's industry peer group. In assessing comparability, the Corporation relied upon a review of base salary amounts as disclosed by industry peers in their public disclosure documents as compiled by Lane Caputo and management. Consideration was given to the time period evaluated in public data and to the business climate applicable at the time with respect to industry demand for experienced personnel. Salaries of officers, including that of the CEO, are reviewed annually.

Bonuses

The Corporation does not have a formal bonus plan but may award discretionary bonuses. The award of a bonus is initially recommended, in all cases (excluding the CEO), by the CEO. The Compensation Committee considers such recommendations and following its own review and, where appropriate, consultation with outside consultants formulates its own recommendations to the Board for consideration and final approval. The CEO's bonus is established by the Compensation Committee in consultation with the Board. Bonus awards are ultimately at the discretion of the Board upon recommendation of the Compensation Committee, based on corporate, departmental and individual performance. The discretionary bonus plan is structured to reward historical performance and drive corporate goals and current year results.

Long-Term Incentive Compensation - Options

The Corporation provides long-term incentive compensation in the form of the issuance of Options pursuant to the Option Plan. The Option Plan permits Madalena to issue Options to its directors, officers, employees and consultants in an aggregate of up to ten (10%) percent of the issued and outstanding share capital of the Corporation, from time to time, in accordance with the policies of the TSXV.

Options are normally awarded by the Board upon the commencement of employment with the Corporation based on the level of responsibility within the Corporation. Additional grants may be made periodically (generally annually) to ensure that the number of Options granted to any particular individual is commensurate with the individual's level of ongoing responsibility within the Corporation. When determining Options to be allocated to each individual officer a number of factors are considered including the number of outstanding Options held by such officer, the value of such Options held by the officer and the total number of available Options for grant.

Although, as mentioned above, Options are an important means of compensating officers and employees and aligning the interests of officers and employees with the interests of the Shareholders, in recent years, Options have not always met their objective of providing a form of long-term incentive. With significant volatility in the share price of many companies in the Corporation's peer group, a market or

industry wide decrease in stock prices could result in outstanding Options having little retention value. This factor is taken into consideration by the Compensation Committee when evaluating appropriate total executive compensation and in some cases the individual salaries and bonuses may be adjusted accordingly in order to continue to attract and retain quality and experienced people.

Option grants and proposed grants for employees and officers are reviewed and discussed from time to time by the Compensation Committee and the Board. The Compensation Committee, as part of its mandate, administers the Option Plan approved by the Board in accordance with its terms including a recommendation to the Board of the grant of Options. The Compensation Committee also reviews and makes recommendations to the Board pertaining to Options for officers, including the CEO, and members of the Board.

The Corporation does not currently provide its officers with pension plan benefits or retiring allowances other than in certain circumstances as discussed in "*Termination and Change of Control Benefits*", below.

Risk Adjusted Compensation

As part of its review of the Corporation's compensation program, the Compensation Committee considered whether the compensation program provided executive officers of the Corporation with adequate incentives to achieve both short and long term objectives without motivating them to take inappropriate or excessive risk. This assessment was based on a number of considerations including, without limitation, the following: (a) that the terms of the Option Plan provide that the Board may determine the vesting periods for Options up to five (5) years from the date of grant; by having staggered prospective vesting periods, executive officers are encouraged to continue to develop favourable results over a longer period of time and reduces the risk of actions which may have short term advantages; (b) that a portion of executive compensation in the form of bonuses is not guaranteed and is variable year over year. The Board has discretion to pay bonuses to Named Executive Officers (as defined below) based on recommendations made by the Compensation Committee, which recommendations are based on a variety of matters including internal corporate, administrative, operating and financial and reserve addition performance; (c) that the Corporation's compensation program for certain executive officers is not structured significantly differently from the compensation program for other executive officers within the Corporation; and (d) that the overall compensation program is market based and aligned with the Corporation's business plan and long-term strategies.

The Corporation's Corporate Communications and Insider Trading Policy was implemented in December of 2014 and restricts employees, executive officers and directors from purchasing or selling 'put' or 'call' financial instruments designed to hedge or offset a decrease in market value of a security of the Corporation.

Summary Compensation Table

The following table sets forth for the years ended December 31, 2016, 2015 and 2014, respectively, information concerning the compensation paid to Madalena's CEO and CFO and the three most highly compensated executive officers (or the three most highly compensated individuals acting in a similar capacity), other than the CEO and CFO, at the end of the years ended December 31, 2016, 2015 and 2014, respectively, whose total compensation was more than \$150,000 (each a "**Named Executive Officer**" or "**NEO**" and collectively, the "**Named Executive Officers**" or "**NEOs**"). These amounts reflect compensation actually awarded to, earned by, paid to or payable to the NEOs during the years-ended December 31, 2014, 2015 and 2016.

Notes:

- (1) For details of significant terms of the Employment Agreements between the Corporation and the NEOs, see "Termination and Change of Control Benefits".
- (2) The Corporation applies the Black-Scholes option pricing model to determine the fair value of the award. The Corporation used the following weighted average assumptions to determine the value of the award recorded above: dividend yield – 0%; expected life – 4.05 years; volatility – 75%; risk free interest rate – 0.61%. An aggregate of 5,275,000 Options were granted to the above named NEOs in 2016.
- (3) No bonuses with respect to the NEOs were approved for the years ended December 31, 2016 and 2015. Bonuses with respect to the NEOs for the year ended December 31, 2014 were approved and paid in 2015. The value of perquisites received by the above named NEOs (including property and other personal benefits which were not generally available to all employees), was not in total greater than \$50,000 or 10% of the NEOs' total salary for 2016, with the exception of Mr. Riavitz, who received a housing allowance in 2014, 2015 and 2016.

Option Plan

Madalena has adopted the Option Plan pursuant to which Options may be granted to its directors, officers, employees, consultants and other service providers (collectively, "**Madalena Service Providers**").

The purpose of the Option Plan is to develop the interest of Madalena Service Providers in the growth and development of the Corporation by providing them the opportunity through Options to acquire an increased proprietary interest in the Corporation. Options granted pursuant to the Option Plan have a term not exceeding five years and vest in such manner as determined by the Board.

The total number of Common Shares reserved for issuance pursuant to the Options granted and outstanding under the Option Plan at any time shall not exceed a number of Common Shares equal to 10% of the aggregate number of issued and outstanding Common Shares.

Options are not transferable or assignable except in accordance with the Option Plan and the holding of Options shall not entitle the holder to any rights as a security holder.

Pursuant to option agreements entered into in respect of outstanding Options, on a change of control of the Corporation (as defined therein), the vesting of Options granted thereunder are accelerated. Based on the closing price of the Common Shares at December 31, 2016 (\$0.12 per Common Share), no Options held by the NEOs at December 31, 2016 were vested and "in-the-money" at such date. In addition, in the event of certain events such as a liquidation or dissolution of the Corporation or a reorganization, plan of arrangement or consolidation of the Corporation with one or more entities as a result of which the Corporation is not the surviving entity, the Board of Directors may exercise its discretion to permit accelerated vesting of Options on such terms as the Board sees fit and, in the event of an acceleration of vesting, to cause the Options to terminate after the end of the period of accelerated vesting, even if such termination is prior to the end of the normal exercise period. The Option Plan also provides for: (i) termination of all unvested Options upon termination of a Madalena Service Provider for any other reason, other than death, and termination of all vested Options at the earlier of dates ranging from thirty (30) days to ninety (90) days (depending on the particular stock option agreement entered into with the Madalena Service Provider) from the date of cessation as a Madalena Service Provider or the end of the applicable exercise period; and (ii) in the case of death, the Madalena Service Provider is entitled to exercise those Options which such person was entitled to exercise on the date of the death ranging from within the earlier of ninety (90) days from the date of death and the end of the exercise period, or up to one year after the date of death of the Madalena Service Provider and the end of the exercise period, if earlier (depending on the particular stock option agreement entered into with the Madalena Service Provider). Except as set forth above, the Option Plan allows for the Board to amend or discontinue the Option Plan at any time, provided that no such amendment may, without the consent of optionee, alter or impair any Option previously granted to an optionee under the Option Plan and provided further that any amendment to the Option Plan is subject to prior approval of the TSXV, if required, and approval of the Shareholders of Madalena, if required.

Pension Plans

The Corporation does not currently provide its executive officers, including the CEO, with pension plan benefits or retiring allowances.

Termination and Change of Control Benefits

Madalena is a party to a consulting retainer agreement with The EmBeSa Corporation ("**EmBeSa**") whereby Steven Sharpe agreed to provide consulting services and accepted the appointment as Interim President and Chief Executive Officer.

Pursuant to such agreement, on May 8, 2017, the Corporation exercised its ability to terminate the agreement, the Retainer and Mr. Sharpe's role as Interim President and Chief Executive Officer of the Corporation for a reason that did not constitute just cause (as if the relationship was an employment relationship), by providing EmBeSa with written notice of the Termination Date. As a result, the following is payable by the Corporation to EmBeSa:

- (a) the pro rata amount of the monthly fee, up to the Termination Date; and
- (b) a Termination Payment equal to the sum of the following within twenty (20) business days of the Termination Date:
 - (i) two (2) times the monthly fee; and
 - (ii) an Additional Amount that is equal to one (1) times the monthly fee for each month (prorated for partial months) that EmBeSa provided consulting services to Madalena

between March 23, 2016 and the Termination Date, up to a maximum Additional Amount of ten (10) times the monthly fee.

Madalena also had employment agreements with Messrs. Riavitz., Dabner and Love (all of such agreements to be collectively referred to as the "**Employment Agreements**").

Pursuant to the Employment Agreements, the Corporation terminated Messrs. Riavitz, Dabner and Love (for reason other than "just cause") and, as a result, a retiring allowance was payable to each of those executives as follows:

- (a) Mr. Riavitz is equal to the sum of:
 - (i) one hundred percent (100%) of the combined amount of the executive's annual base salary as at the termination date and any annual bonus received by the executive in the twelve (12) month period immediately preceding the termination date; and
 - (ii) ten percent (10%) of the amount calculated pursuant to b(i) of this document, to compensate the Executive for the loss of benefits; and
- (b) each of Messrs. Dabner and Love is equal to the sum of:
 - (i) one hundred percent (100%) of the combined amount of the executive's annual base salary as at the termination date and bonuses received over the last twelve (12) month period prior to the termination date; and
 - (ii) twenty percent (20%) of the amount calculated pursuant to c(i) of this document, to compensate the Executive for the loss of benefits.

Compensation and payment levels in the Employment Agreement were based primarily on compensation information available in the public domain from companies with similar production, operation size and scope as the Corporation along with subjective factors such as performance in such officer's specific role with the Corporation.

The Corporation had also entered into Option agreements with each of Messrs. Riavitz, Dabner, Sharpe and Love. Such Option agreements provided for termination and change of control benefits as described above under the heading "*Option Plan*".

Mr. Dabner was terminated on May 8, 2017, Mr. Riavitz was terminated on May 31, 2017 and Mr. Love was terminated on May 31, 2017. Accordingly, the following table sets forth the estimated incremental payments (rounded to the nearest thousand dollars) payable to each of such NEOs as a result of the termination their employment.

Name	Multiple	S Salary	Bonus	Total Incremental Payment
Steven Shar		\$360,000	Nil	\$360,000
Steve Dabner	1.0 + 0.2	\$225,000	Nil	\$270,000
Thomas Love	1.0 + 0.2	\$264,375	Nil	\$317,250
Ruy Riavitz ⁽²⁾	1.0 +0.1	\$295,394	Nil	\$324,933

Note:

- (1) Mr. Riavitz's salary and bonus are paid in USD but for purposes of this table, they have been converted to CAD using

December 31, 2016 foreign exchange rate of 1.343.

Pursuant to the Employment Agreements, the salary paid to each executive was subject to an annual salary review. During their tenure with the Corporation, each of the executives was entitled to participate in and receive rights and benefits under the Option Plan and the executives were also entitled to participate in the executive bonus plan.

On May 8, 2017, Jose Penafiel was appointed the Chief Executive Officer of the Corporation. In connection therewith, the Corporation entered into an employment agreement with Mr. Penafiel (the "**Penafiel Employment Agreement**").

The Penafiel Employment Agreement provides that such agreement, and the executive's employment, may be terminated by the Corporation (for reason other than "just cause") at any time upon the payment of a termination allowance equal to the sum of USD\$315,000.

The Penafiel Employment Agreement also provided that the executive may elect to terminate the Penafiel Employment Agreement during the six (6) months following any one of the following events and in such case the executive would be entitled to their retiring allowance:

- (a) a change of control (as such term is defined in the Penafiel Employment Agreement);
- (b) if the executive's duties, powers, rights or salary are fundamentally diminished; and
- (c) upon any failure by the Corporation to continue to provide the executive with any, or reasonably equivalent, benefit, bonus, profit sharing, incentive, remuneration or compensation plan, stock ownership or purchase plan, stock option plan, warrant ownership rights, life insurance, disability plan, pension plan or retirement plan in which the executive was entitled to participate in, or if the Corporation has taken any action which adversely affects the executive's rights or participation in any such plans.

On July 1, 2017, Mr. Ezequiel Martinez Ariet was appointed the Chief Financial Officer of the Corporation. In connection therewith, the Corporation entered into an employment agreement with Mr. Martinez (the "**Martinez Employment Agreement**").

The Martinez Employment Agreement provides that such agreement, and the executive's employment, may be terminated by the Corporation (for reason other than "just cause") at any time upon the payment of a termination allowance equal to the sum of USD\$360,000 decreasing monthly on a straight line basis to USD\$110,000 as of July 1, 2020.

Compensation and payment levels in the Penafiel Employment Agreement and the Martinez Employment Agreement were based primarily on compensation information available in the public domain from companies with similar production, operation size and scope as the Corporation along with subjective factors such as performance in such officer's specific role with the Corporation.

Director Compensation

As at December 31, 2016, the directors of the Corporation are entitled to receive: (i) an annual retainer of \$25,000 payable to the independent directors of the Corporation; (ii) an annual retainer of \$50,000 payable to the Chairman of the Board; (iii) an additional annual retainer of \$5,000 payable to each of the Chairmen of the Compensation Committee and Reserves Committee; (iv) an additional annual retainer of \$10,000 payable to the Chairman of the Audit Committee; and (v) an additional \$1,000 for every committee and Board meeting attended by an independent director in person or by conference call. At a meeting of the Board held on May 29, 2017, the directors of the Corporation approved a resolution to reduce the annual retainers and fees received for attendance at committee or Board meetings by 25%. This reduction came into effect on May 29, 2017.

The Corporation has in place a travel policy to compensate directors for the time and effort required to travel in their role as a director of the Corporation, including attending Board and committee meetings and site visits to the Corporation's operations (the "**Travel Policy**"). The Travel Policy includes a per diem fee of \$1,000 (equivalent to a market-typical meeting fee) for travel times exceeding four hours, with all travel claims approved by the Chair of the Audit Committee or the Chair of the Compensation Committee.

Directors were reimbursed for out-of-pocket expenses incurred in carrying out their duties as directors. Each of the Corporation's non-management directors also participated in the Corporation's stock option plan.

The Corporation used the following assumptions to determine the value of the award recorded above: dividend yield – 0%; expected life –4.05years; volatility – 75%; risk free interest rate – 0.61%.

Certain directors of the Corporation are presently directors or trustees of other reporting issuers, as set forth below:

<u>Name</u>	<u>Name of Reporting Issuer</u>
Gus Halas	OptimizeRx Corporation Triangle Petroleum Corporation
Ralph Gillcrist	Oronova Energy Inc.

Orientation and Continuing Education

While the Corporation does not currently have a formal orientation and education program for new recruits to the Board, the Corporation has historically provided such orientation and education on an informal basis. As new directors join the Board, management provides these individuals with corporate policies, historical information about the Corporation, as well as information on the Corporation's performance and its strategic plan with an outline of the general duties and responsibilities entailed in carrying out their duties. The Board believes that these procedures will prove to be a practical and effective approach in light of the Corporation's particular circumstances, including the size of the Corporation, limited changes to members of the Board and the experience and expertise of the members of the Board.

Ethical Business Conduct

The Board has adopted a Code of Business Conduct and Ethics (the "**Code**") for its employees, officers, directors, independent contract workers and other agents that conduct activities on behalf of the Corporation. Directors and officers are required to sign acknowledgements that they have read and understand the Code. A copy of the Code can be found on SEDAR at www.sedar.com.

Nomination of Directors

Pursuant to their mandate, the Compensation Committee has the responsibility of recruiting and recommending new members to the Board. New candidates are identified having regard to: (i) the competence and skills that the Compensation Committee considers to be necessary for the Board, as a whole, to possess; (ii) the competence and skills that the Compensation Committee considers each existing director to possess; (iii) the competencies and skills that each new nominee will bring to the boardroom; and (iv) whether or not each new nominee can devote sufficient time and resources to his or her duties as a member of the Board. The Compensation Committee reviews on a periodic basis the composition of the Board to ensure that an appropriate number of independent directors sit on the Board, and analyze the needs of the Board and recommend nominees who meet such needs.

Compensation

The Compensation Committee is responsible for: (i) evaluating senior management; and (ii) developing appropriate compensation policies for the senior management and directors of the Corporation, including the Option Plan. The initial grant of options is made at the time of recruitment and reviewed annually.

Other Board Committees

The Board has a Reserves Committee, which is currently composed of two (2) directors, Messrs. Larson and Woo each of whom is independent. Mr. Woo is not seeking re-election to the Board, and the Corporation anticipates that Messrs. Etcheverry and Gillcrist will be appointed to the Reserves Committee if they are elected to the Board. Messrs. Larson, Etcheverry and Gillcrist are each independent directors.

The Reserves Committee is responsible for reviewing the independent engineering reserves report and meeting with the independent engineers to review the methodology used in estimating the reserves. The Reserves Committee reviews the adequacy of the information available to the independent engineers and the co-operation of management in making such information available. The members of the Reserves Committee have direct access to the independent engineers of the Corporation. The Reserves Committee will also review and/or approve any other matters specifically delegated to it by the Board.

Assessments

The Compensation Committee makes annual assessments regarding the effectiveness of the Board itself, committees and individual directors in fulfilling their responsibilities.

AUDIT DISCLOSURE

The Audit Committee is a committee of the Board of Directors established for the purpose of overseeing the accounting and financial reporting process of the company and annual external audits of the consolidated financial statements. 9.1 In the event of a Change of Control occurring, all Options which have not otherwise vested in accordance with their terms shall immediately vest and be exercisable, notwithstanding the other terms of the Options, for a period of time ending on the earlier of the expiry time of the Option and the thirtieth (30th) day following the Change of Control.

9.2 Options may provide that, in the event of the sale by the Corporation of all or substantially all of the property and assets of the Corporation as an entirety (an "**Asset Sale**") prior to the expiry time of an Option, such Option may be exercised, as to all or any of the Shares in respect of which such Option has not previously been exercised (including in respect of the right to purchase Shares not otherwise vested at such time) by the Participant (the "**Sale Acceleration Right**"). The Sale Acceleration Right shall commence at such time as determined by the Board, provided that if the Board approves the Sale Acceleration Right but does not determine commencement and termination dates regarding same, the Sale Acceleration Right shall commence on the day following the closing of the Asset Sale and end on the earlier of the expiry time of the Option and the thirtieth (30th) day following the closing of the Asset Sale. If for any reason any such Shares are not so tendered or, if tendered, are not, for any reason taken up and paid for by the offeree pursuant to the Take-Over Proposal, any such Shares so purchased by the Participant shall be and shall be deemed to be cancelled and returned to the treasury of the Corporation, and shall be added back to the number of Shares, if any, remaining unexercised under the Option (and shall thus be available for exercise of the Option in accordance with the terms thereof) and upon presentation of the Corporation of share certificates representing such Shares properly endorsed for transfer back to the Corporation, the Corporation shall refund to the Participant all consideration paid by him or her in the initial purchase thereof. The Take-over Acceleration Right shall commence at such time as is determined by the Board, provided that, if the Board approves the Take-over Acceleration Right but does not determine commencement and termination dates regarding same, the Take-over Acceleration Right shall commence on the date of the Take-over Proposal and end on the earlier of the expiry time of the Option and the tenth (10th) day following the expiry date of the Take-over Proposal. Notwithstanding the foregoing, the Take-over Acceleration Right may be extended for such longer period as the Board may resolve.

- (c) the receipt from the Participant of such representations, agreements and undertakings as to future dealings in such Shares as the Corporation determines to be necessary or advisable in order to safeguard against the violation of the securities laws of any jurisdiction.

In this connection, the Corporation shall take all reasonable steps to obtain such approvals and registrations as may be necessary for the issuance of such Shares in compliance with applicable securities laws and for the listing of such Shares on any Exchange on which such Shares are then listed.

12. PARTICIPANTS' RIGHTS

The agreement will be in such form as the Board may from time to time approve or authorize the officers of the Corporation to enter into and may contain such terms as may be considered necessary in order that the Option will comply with any provisions respecting options in the income tax or other laws in force in any country or jurisdiction of which the person to whom the Option is granted may from time to time be a resident or citizen or the rules of any regulatory body having jurisdiction over the Corporation.

14. TAX WITHHOLDING

With respect to required withholding, the Corporation shall have the irrevocable right to (and the optionee consents to) the Corporation setting off any amounts required to be withheld, in whole or in part, against

amounts otherwise owing by the Corporation to such optionee (whether arising pursuant to the optionee providing services on an ongoing basis to the Corporation or otherwise), or may make such other arrangements as are necessary to satisfy the required remittance amount. In addition, the Corporation may elect in its sole discretion, to satisfy the withholding requirement, in whole or in part, by withholding such number of Shares as it determines are required to be sold by the Corporation, as trustee to satisfy the withholding obligation net of selling costs (which costs shall be the responsibility of the optionee and which shall be and are authorized to be deducted from the proceeds of the sale). The optionee consents to such sale and grants to the Corporation an irrevocable power of attorney to affect the sale of such Shares and acknowledges and agrees that the Corporation does not accept responsibility for the price obtained on the sale of Shares. 17.1 The Option Plan shall be subject to acceptance by the Exchange.

17.2 Any Options granted prior to such approval and acceptance shall be conditional upon such approval and acceptance being given and no such Options may be exercised unless such approval and acceptance is given.
